

Decompose

You reach out and touch the corpse of a creature. Over the next minute, the corpse begins to rapidly decompose, sprouting fungus and moss as it begins to degrade into compost and mulch. An odd-colored flower or two may also spring from the corpse in this time. Applicable requirements for resurrection are unaffected by this decomposition.

C

Decompose

Casting Time: 1 action

Range: Touch

Components: V, S

Duration: 1 minute

Necromancy
