Tar-Alcarin was the son of ruling Queen, Tar-Vanimeldë, and her consort, Herucalmo. When his mother died, Tar-Alcarin should have succeeded her, but Herucalmo usurped the throne and held it from him twenty years before he died, and then Tar-Alcarin rightfully gained the throne. He ruled during a period in which there was still peace in Númenor despite the conflicting beliefs of The Faithful and the King's Men which divided its people. However in Middle-earth things were very different, Sauron's power began to grow once again, spreading great fear through the lands near Mordor. Herucalmo's usurpation of his son's legal right to rule the realm was generally considered to be an evil deed by the people.
